Framed Art Prints

Introducing our latest collection from Brand McKenzie—where iconic designs meet the elegance of framed art prints. We've taken some of our most beloved characters, from our Happy Hour, Balancing Act, Punk Rocks, and Fine China designs, and brought them to life in stunning circular frames. Available in three sizes—44cm, 70cm, and 96cm—these pieces will add a touch of charm and character to any space.

Choose from two classic background colours, charcoal black or chalk white, to complement your decor, and select from four frame colours—Ebony, Ivory, Cobalt, and Alpine—to match your personal style. Whether you're looking to make a bold statement or add a pop of personality, this collection offers something for everyone.

Perfect for both contemporary and traditional interiors, these framed art prints are designed to brighten up any room with character and style. Transform your walls with Brand McKenzie's latest creative offering, blending art, design, and quality craftsmanship seamlessly.

FAQ's

How do I care for my framed artwork?

To maintain your frame, dust it regularly with a soft, dry cloth. Keep framed pieces out of direct sunlight and areas with high humidity to prevent fading or warping over time. For frames with glass, avoid using liquid cleaners on the surface.

Hand Finished

All our frames are made in the UK, a dedicated team hand assemble each and every frame finishing them to the highest of standards.

How long is delivery?

All frames are hand finished to order and dispatched within 3-5 working days.

Do you offer a bespoke service?

Absolutely. We offer a fully bespoke service where our designers work with you to create the perfect product to your exact specification. You can choose from our extensive range of Brand McKenzie artwork as well as create a bespoke colour for your frame to suit your interior scheme perfectly. Please get in contact to talk to us about your project.

Installation

All our frames come fitted with a sawtooth picture frame hanger mounted to the back ready for easy installation.
