HEALTHY LIVING

SUSTAIN
ABLE

We know a thing or two about wallpaper

For over seventy years, we have produced unique wallpapers exclusively at our Hohenberg site. Now in the third generation, we still strive for the highest standards of design, quality, sustainability, and healthy living.

„What makes us different? our experience? our sophisticated technology? or is it our flair for innovation? All of these, for sure! But most of all, it's our passion for the product”

Ralf Taubert
CEO

Sustainable and healthy living Made in Germany

When it comes to sustainability and healthy living, we make no compromises. That's why all of our wallpapers are made sustainably exclusively in Germany. We do not need PVC, plasticizers and solvents. So our wallpapers are 100% healthy.

FEEL!

Look and Feel!

What is the secret of a beautiful wallpaper, a wallpaper whose effect is extraordinary and unmistakable?

At Hohenberger, we know it's the feel. That's why our wallpapers not only look great but also feel good. We enhance our designs with depth and texture, softness and natural texture.

In Feel! we play with all possibilities and use real glass beads, glittering shiny particles, velvety flock and soft foam to make the design of a wallpaper tangible.

That's why with all our wallpapers and with this collection in particular, we recommend: Look and feel!
